PROJECTS

Amani (In Progress) — (03/2025 - present)

- A platform that connects tenants directly with landlords via map-integrated listings and live chat.
- Built with React, TypeScript, Tailwind CSS, and Jest.
- Over 1,000 landlords joined the waitlist with high engagement and onboarding interest

Basefit(In Progress) - (01/2025 - present)

- A Web3 fitness app that rewards users in USDT for completing daily workouts like distance walking.

- Currently implementing workout tracking, crypto wallet integration, and reward distribution logic.
- Aims to promote daily fitness habits while gamifying healthy behavior through tokenized rewards.
